Mark Woods, Executive Director

August 20, 2019

Dear families,

Anazao Community Partners is happy to be partnering with Norwayne Middle School to provide our counseling and case management services at the school again this year. These services are available to youth who need additional supports around issues that might be impacting their academic success or functioning.

Our therapist providers will offer individual sessions to youth at all levels of severity, including around concerns such as depression, anxiety, attention-deficit/hyperactivity disorder, trauma, anger management, family conflict, poor adjustment, managing relationships, among other concerns. Felicia Etwiler is the therapist at Norwayne returning from last school year.

Our case managers provide support in helping youth reach their therapy goals, as well as linking families to additional resources, providing ongoing support in various capacities including academic support based on individual and family need. Leah Horner is the case manager for this school year.

If you are interested in either of these services, please be in contact with Mrs. Klauss, School Counselor, or contact the Anazao office directly at 330.264.9597. Most of these services are available at no cost to families depending on insurance provider and/or family income. We work with families to decrease or eliminate costs, as we do not want that to be a barrier to receiving services.

We value our partnership with Norwayne Middle School and look forward to continuing to build that partnership. We look forward to being in contact with you as the school year continues. Please contact any of us with questions.

Regards,

Rachael Oyer, LISW-S
Director of Youth Services

Felicia Etwiler, LSW
Youth Therapist

Leah Horner
Youth Case Manager
